Technology: NPM | Git | Yarn | React dev tools | Firebase v9 | GitHub

Experience

Frontend Developer Internship | [Certificate](#)

Sep 2022 - Current

Frontend Simplified

- Transformed a completely static HTML, CSS, JavaScript and React single page application into an interactive user interface using animations, transitions and carousels
- Processed API requests with Axios to dynamically represent data from a cloud server and represented it through skeleton loading states, pagination and dynamic routing
- Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment

Freelance Frontend Developer

Jan 2022 - Current

Self Employed

- Delivered 10 professional websites using HTML5, CSS3 (+ SCSS, BEM), JavaScript and React best practices
- Improved website performance by compressing, caching and lazy loading images and components
- Included SEO, responsive, multi-platform and hosting support, enabling their website to be used by any browser or device in the world

Apple

Jun 2018 - Current

Customer Service & Safety Specialist

- Build effective, trust-based relationships with key partners inside and outside of Global Security
- First aid, CPR, and AED certified

Projects

Portfolio | [Website](#) | [GitHub](#)
